Physical Characteristics

Deanna Troi is of medium build and height, and is half-Human and half-Betazoid. She usually wears her hair down.

She wears a sleeveless metallic blue top with the Agonizer on the left chest, a short black skirt, fighting knife, Phaser II and hip high black leather boots.

Troi is the most feared member on the *ISS Enterprise*. All crewmembers are nervous around her. She is the Empire's political officer on board the ship and her loyalty is to the Empire first.

Use Leadership/Interrogation to operate Agonizer Badges and Booths. Use Negotiation/Diplomacy to intimidate others.

Lt. Kowalski is Troi's assistant security officer. He is proficient at electronic snooping.

She is possibly Commander Riker's lover, but no one dares mention it in her presence. She supports the Captain but if Riker can do the job better and eliminate Picard she will support him.

Telepathic Abilities:

1. **Probe:** Allows scanning of other minds. Success against players allows reading of passed notes.
2. **Empathic Sense:** allows sensing of emotions and prevents ambush.

Victory Agenda:

1. See Mission Card.
2. Insure the loyalty of the crew and discipline or eliminate weak or incompetent officers. The captain must be supported as long as he is competent and strong.
