

MOVING DAY

4 September 2180 (Monday) - morning

Starting on the street outside NBN building--with a 85,000 Cr certified cred stick.

Return to Miguel Hidalgo Arcology via hopper.

In Jenda's realm: Ty & Erica Wilde meet and discuss work on Luna & Ty suggests a Loonie-Jinteki alliance.

WSJ.com: Haas-Bioroid making an offer to take over a small company that has an app to customize the appearance of a bioroid using the bioroids own repair nanomachines. Company is Synthetic Plastic Dreams, LLC (SPD). Article dateline is 31 August 2180.

Face of SPD and inventor is Marcy Gankowski^F. Gankowski is an innovator and the bioroid customizing program is her latest venture. She is married to Arnold^M and has a daughter, Miranda^F, and two cats.

After gleaning social media, Sebastian hacks into NAPD hopper license database and gets Gankowski's address. But NAPD traces him! (He doesn't know this yet.)

PCs end the session crashing in Jenda's area.

Tonight: 20 XP

Kris Things To Do:

- locate a vinyl map of New Angeles
- stats for Jenda
- stats for Erica Wilde
- coming up: Loonies protest at NA city hall
- coming up: Loonie actions/jobs for Ty
- NAPD response to tracking Sebastian's hack

Next Time: March 3, in person
